March 6, 2015

Dear St. Stan's Families:

The weather has certainly been keeping us on our toes and I am sure we all hope the snow is behind us and spring arrives with some warmth and sun for us all.

Next week we will be administering the Terra Nova Exams in grades one through eight. I ask that all students come in well rested, having eaten breakfast, with number two pencils and most importantly the understanding that what we use these tests as a snap shot of the learning taking place in our classrooms. These standardized tests in conjunction with classroom assessments and teacher observation allow us to get a complete picture of how students are growing academically, how our curriculum and instructional methods are staking up and where we can make changes that will ultimately benefit all students in all of our classrooms. We ask students do their best but remember there should be no pressure associated with these test.

We are very focused on each of the families that make up our school family, that is why we put together the Family Gras party for March 14th. Today is the deadline for RSVPing to this event. I hope that we have enough families interesting in this to make event possible to have. It is our goal to work on ways to bring our community even closer together, we will also be choosing ten families each week to pray for during our opening exercises. We will pray for every family that is part of the St. Stan's School family over the course of the next few months. When you receive a note that your family will be remembered in opening exercises please send a picture in to your child's homeroom teacher so that we can display all the families pictures in our school for all the children to see.

As we move through March grades Pre K through sixth participating in the county CAP program, grades three through five will be participating in Rutgers' CBI Parachute program and grades sixth through eighth will be participating in the Rutgers Sources of Strength program. If your child is part of any of these programs you will receive more information separately. These are all amazing programs designed to give students strategies to cope with a variety of situations children encounter today. Each program is designed and conducted in a manner that is fun, creates a sense of safety and done in a group/class setting. Finally, in March grades one through four will be participating in a "Stay Trip" where they will see a program where they will learn about Aesop's fables and other fables from around the world as well as get a look at the art of puppetry. The program is scheduled for March 25th. On that day grades one through four will be allowed to follow an out of uniform dress code.

In His Peace,  
Elena Malinconico

# Easter Basket Drive

The St. Stan's Rosary-Altar Society will be making Easter Baskets to brighten the spirits of children of our parish who are in need.

If you would like to be a part of this special project to help defray some of the cost to help us purchase and fill the baskets, please consider making a monetary donation. You can even create your own Easter Basket and drop it off at the Church Office.

Place your donation in an envelope and mark it **EASTER BASKET DRIVE**. Drop it off in the weekly collection basket or at the church office by March 22, 2015. Checks should be made out to St. Stan's Rosary-Altar Society.

Thank you for your support and kindness. Have a Happy Easter!

New Jersey Catholic Conference

# ACTION ALERT

**ISSUE:** In 1965, the Catholic Bishops of the United States were instrumental in having nonpublic school students, parents, and teachers included in the original Elementary and Secondary Education Act (ESEA). The current version of the Act (No Child Left Behind) has not been reauthorized according to the original timetable. The United States House of Representatives has released its version of a reauthorized ESEA. Known as the Student Success Act (SSA), it will be the initial step in addressing inequities in No Child Left Behind for the nonpublic school community. Such improvements include the following:

- Improved consultation requirements and other features which provide equitable services to students and teachers in religious and independent schools.
- Specific provisions related to improving access to services for students in need and their teachers, regardless of where they attend school, thus making a substantial contribution to putting the needs of students and their families first.
- Creating additional opportunities for quality education for all children as noted in the Bishops' 2005 statement "*Renewing Our Commitment to Catholic Elementary and Secondary Schools in the Third Millennium.*"

## OUR

**POSITION:** The New Jersey Catholic Conference and the New Jersey Network of Catholic School Families have continued to promote equitable participation in all versions of the ESEA since the Bill's inception.

**ACTION:** Call write or email your members of the United States House of Representatives from New Jersey and ask for their support in this version of the reauthorized ESEA. Emphasize the importance of equitable participation for nonpublic school students, particularly in the areas of consultation and equitability of services.

A list of the members of the House of Representatives is included with this Alert.

**For your convenience, you may use a prepared letter on our Voter Voice Advocacy System at**
