Dear St. Stan's Families:

I know as the year ends I am filled with mixed emotions, happy and anxious for summer and all the happiness that holds; but I am also sad since I will miss seeing the faces of my little friends. I know that September comes all too quickly so we will be together again in the blink of an eye.

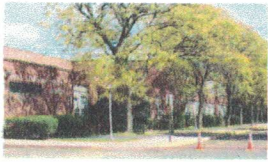

We have graduated another class who has left the safe confines of our school and they are prepared to face the world at large. Tomorrow, the rest of our students will spend sometime with their new teachers and see what the next grade has in store for them. You will be receiving a tentative calendar, summer work packets, supply lists and some new logistical information for the 2017-2018 school year. Please review all the material you receive carefully.

The school office will be open Monday through Friday during the summer from 8:30am to 12:30pm should you have any questions or concerns. We will also be accepting registrations through out the summer. Should you know someone interested in registering please have them contact us.

This has been an amazing school year. I am thankful that you entrusted to us your most precious possession...your child to us and now they are yours to enjoy for the next couple of months. I encourage you to do just that since in a blink of an eye they will be grown and on their own.

Enjoy your summer! May it be restful, peaceful, joyful and blessed!

Dear St. Stan's Families:

We were recently notified by Sayreville that our bus times needed to change due to changes in start times throughout Sayreville. While I know this may seem an inconvenience, we are one of a small number of Catholic schools that receive busing without any question from our district. Sayreville has always been very supportive in ensuring our students have transportation to the school of their choice.

With this in mind, we needed to make adjustments in our start and end times. Beginning on our first day of school in August of 2017 morning exercises will begin at 7:40am. At the close of the day we will begin dismissals of buses and cars at 1:50pm. This is an adjustment of ten minutes. I appreciate your cooperation and understanding with this.

Sincerely,

Elena Malinconico

Sincerely,

Elena Malinconico, Principal

The following is the new homework policy that will be in place for all grade levels for the 2017-2018 school year. This revision will also appear in the Parent/Student Handbook that you will receive at the start of the new school year.

2017-2018 Homework Policy

Homework is a vital part of the educational process. It is a formative assessment, which allows for teachers to determine the level of proficiency each student has in a particular concept. In reality assigning a grade to a formative assessment is counter productive. The fact remains that the homework needs to be completed and quite often the notion of assigning a grade to the homework is what ensured it would be completed.

Beginning in the 2017-2018 school year, we will no longer assign a grade to the homework itself, but we will still require it to be complete. Teachers will check for homework completion and will often use an in class quiz to ensure the homework was completed. Should homework not be completed there will be ramifications that will directly affect the student.

1. If homework is not completed, students will need to complete their homework during lunch and recess on the day the homework was due. We will set up locations in the cafeteria where students will sit silently, eat and complete the missing homework.
2. Each marking period, the teacher will allow for **one** missed homework that will not result in the above consequence.
3. Should a child miss five homework assignments during the course of a marking period in all classes combined, the student will receive an "X" on their report cards and will not be eligible for marking period awards, honor roll or principal list.
