

“It was pride that changed angels into devils; it is humility that makes men as angels.”
Saint Augustine

April 14, 2016

Dear St. Stan's Families:

The halls of St. Stan's are filled with budding angels! Our students in grades one through eight did an amazing job of working to the best of their abilities on their Terra Nova Tests this week. The teachers and I are so proud to see students working with perseverance and determination, these two qualities will surely help in their journey towards success in the future. This week's white envelope is filled with information about our open house, our middle school dance, mother and father of the year party and the donations that we still need for our Helping Hands Ministry supply drive.

In the coming weeks we continue to be quite busy. Here are some dates that you will find important:

April 17th	Open House
April 22nd	L.E.A.D. Assembly Grades 5-8
April 26th	Brain Show Assembly
April 27th	7pm H.S.A. Meeting and School Science Fair
May 3rd	Bishop Holiday – No School
May 7th	First Communion
May 8th	May Crowning

Finally, I sent out an online survey via email this week. Thank you to all who have already answered it. The deadline is next Friday. It is our hope that we will be able to address topics brought up in the survey. Beginning next week, I will start discussing some answers to your questions in the survey in this weekly letter. If you did not get the email please contact the office for the link.

In His Peace,

Elena Malinconico
Principal
