March 20, 2014

We are excited about our Open Houses for perspective parents scheduled for Sunday, March 30th from 10-11AM and also on Thursday, April 3rd at the same time. Our ambassadors will be giving tours of the school and classrooms will be open so that all may view our latest technology equipment and excellent teaching. Please spread the word to any friends or relatives who may wish to see our school in action.

The following are dates for your calendar:

- Stations of the Cross each Friday at 9:00AM
- Out of Uniform Day- Wednesday, March 26
- End of 3rd marking period – Friday, March 28
- Open House for prospective parents – Sunday, March 30, 10-11AM
- Reports cards issued – Thursday, April 3
- Open House for prospective parents - Thursday, April 3, 10-11AM
- Honors assembly – Friday, April 4
- Noon Dismissal – Wednesday, April 9 – Faculty Meeting (Note change of date)
- Science Fair and Open HSA meeting 7:00PM Wednesday April 9
- Easter Vacation begins – Thursday, April 17 at Noon

Pray for sickness to go away and Spring to arrive!!!!

Mrs. Patricia Graham

ST. JUDE MATH-A-THON IS COMING!

March 20, 2014

Dear Parent or Guardian:

Our school is excited to participate in the St. Jude Children's Research Hospital® St. Jude *Math-A-Thon*® program this year. St. Jude *Math-A-Thon* is an educational program that teaches kids the importance of math while helping children with cancer and other deadly diseases. This year's St. Jude *Math-A-Thon* program will kick off on March 26, 2014. Permission slips are due back by Tuesday, March 25, 2014.

Here's how it works:

1. Students ask family and friends to sponsor their participation in the program.
2. Each student receives a printed Funbook filled with math problems. They also have the option of going online to complete their Funbook.
3. After completing the math problems, students collect pledges from their sponsors and return them to school to be sent in to St. Jude.

How can you help with St. Jude *Math-A-Thon*? Follow your child's progress on the math Funbook problems, encourage them, talk about how they are helping other kids by doing the program and help them contact friends and family for sponsorship.

Through the St. Jude *Math-A-Thon* program, you and your child make it possible for St. Jude to treat the world's sickest children battling cancer and other deadly diseases, and they do it for free – no family ever pays St. Jude for the care their child receives. Today, millions of children around the world are benefiting from over 50 years of St. Jude discoveries.

For additional information and to help your child use our online fundraising tool, please visit mathathon.org/students.

Thank you,

St. Stanislaus Kostka School
