"Teaching kids to count is fine, but teaching them what counts is best." -- Bob Talber

November 6, 2014

Dear Parents and Guardians:

The education of any child is a monumental effort that requires the gifts of many people. Each day, the teachers of St. Stan's, work diligently to bring to life a multitude of subjects and concepts. This is only one piece of the education equation; the other vital piece is the connection and partnership between teacher and parent.

Parent/Teacher conferences are the foundation to this relationship and ultimately the success of each child. Our teachers are always available to speak to you in reference to your son or daughter; however, in November we set aside specific times to meet with all parents. I strongly encourage you to participate in these scheduled conferences, report cards for the first marking period will be distributed at the time of your conference. The times and dates of these conferences are listed below. The conferences will be held on a first come first serve basis. To ensure that you are seen please arrive no later than one half hour prior to the conclusion of the session you choose to attend. Conferences will last approximately 10 minutes with each teacher, if you or child's teacher believe more time is necessary a follow up conference should be scheduled at that time. If you have any questions or concerns please do not hesitate contacting me.
